ALLI GENERATIVE WORKFLOWS · AI WORKFLOW AUTOMATION

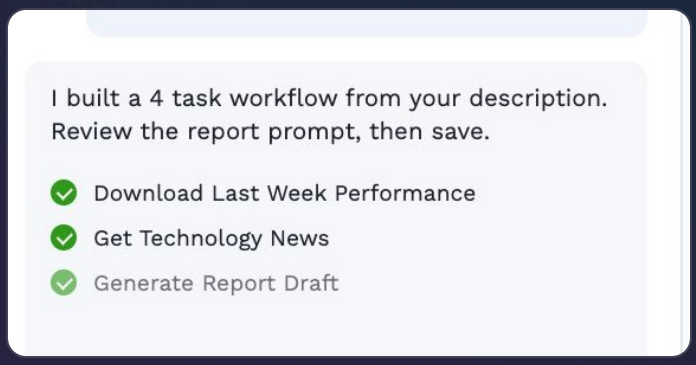

AI workflow automation that runs on its own

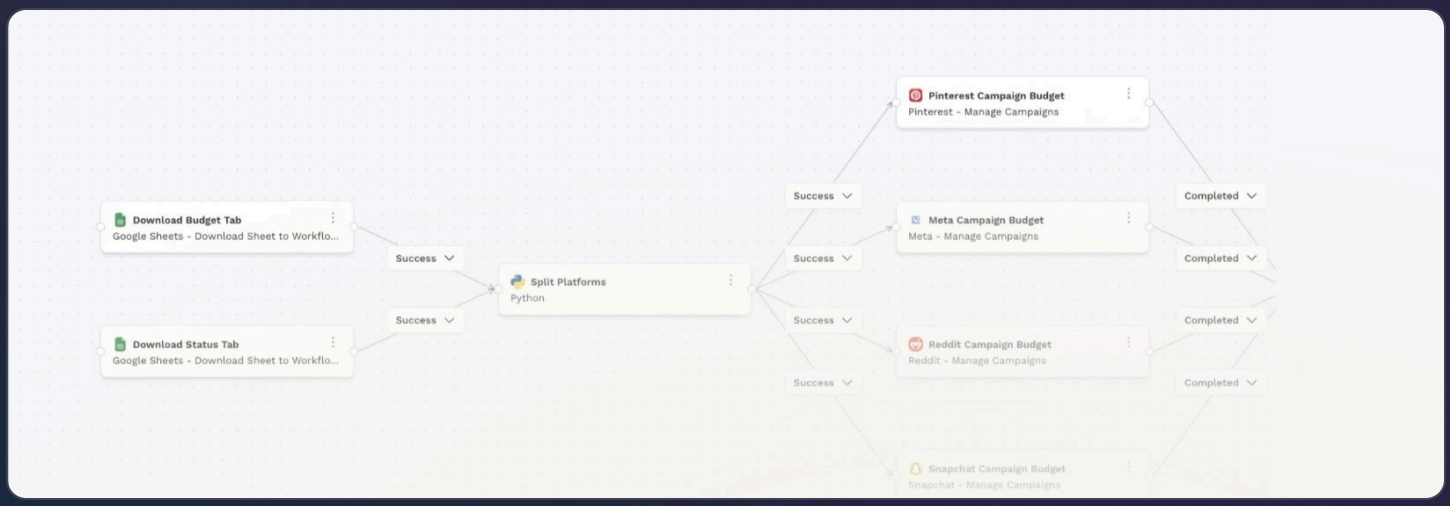

Alli Generative Workflows is AI workflow automation built into the Alli operating system. Describe a job in plain language and Ask Alli builds the full multi-step workflow, from pulling the data to writing the summary to delivering it in Slack. Then it runs on a schedule, with no code and full governance.

01 · DESCRIBE THE JOB

02 · REVIEW THE STEPS

ALLI BY PMG

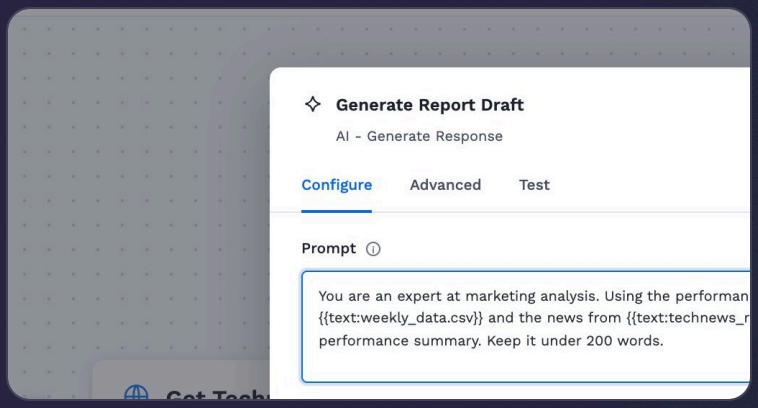

15+
years in production, running strategy, data, and marketing for the world's largest brands

100%
of PMG clients use Alli, with no separate client version

SOC 2
Type II report held by the Alli platform, aligned with the NIST Cybersecurity Framework

WHAT GENERATIVE WORKFLOWS DOES

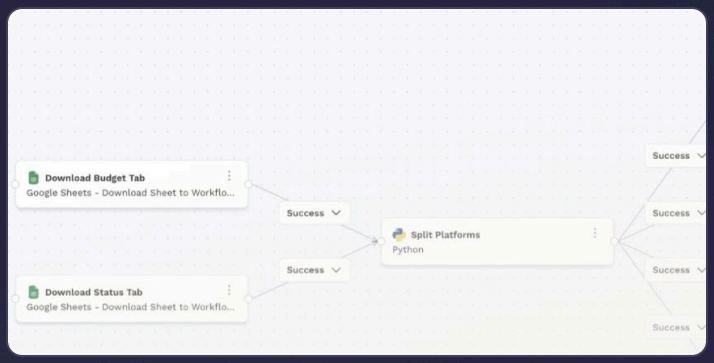

Describe the work once. Let it run.

BUILD WITH ASK ALLI

Describe the job, and get a working workflow

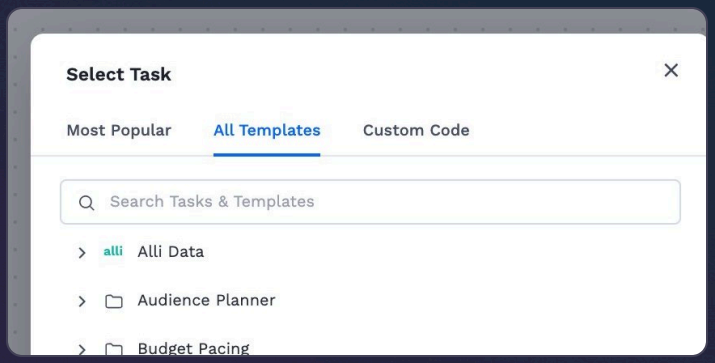

Explain the routine the way you'd explain it to a colleague.

VISUAL WORKFLOW DESIGNER

See and adjust every step, with no code

Tasks connect on a canvas with conditions between them, such as run only on success.

EXPERTISE-LED TEMPLATES

Skip the blank canvas

Starter templates are built on 15 years of PMG operating experience.

WHAT CHANGES

01 Reports ready on time

02 QA that happens every time

03 Signals that lead to action

04 Automation you can audit

Describe the work once. Let it run.

Book an intro and bring the report your team rebuilds every week. We'll show you Ask Alli turning it into a workflow that runs on its own.
